## Statement of the Brunswick County Democratic Party Concerning the Supreme Court's Roe V. Wade Decision

*Our friends at Carolina Forward released the statement below on June 24 in response to the radical right-majority Supreme Court decision striking down Roe v. Wade. We stand in solidarity with Carolina Forward and with all women, whose rights have been set back 50 years today. BCDP will continue to fight tirelessly for women's healthcare rights. You can fight too, by voting BLUE in November. Our fundamental human rights are at stake, as is our democracy.*

**THIS MORNING**, the U.S. Supreme Court officially overturned Roe v. Wade, ending the Constitutional right to abortion after almost 50 years.

Abortion is still legal and available here in the state of North Carolina. In the months, and perhaps years, to come, North Carolina will become a destination for thousands of women across the South seeking abortion care. Within the next 30 days, abortion will be illegal and inaccessible across most of the South.

In other words: North Carolina is now an outpost of compassion and care.

But not if the Radical Right has its way. Already, legislators in our state legislature are drawing up plans to ban abortion. And if they win just a few more seats in our State House and Senate, they will override Governor Cooper's veto and pass a complete ban.

**We will fight with everything we have to stop that from happening. We invite you to join us.**
